Dear: Don

No. 145 Cathedral Ventures Ltd. brought Fortune Marketing Inc. on as our marketing specialists during the completion of the last phase of our project.

We met on site with several members of the team and hit the ground running. Erin started with tuning up our contact list, Samantha began with suggesting details we had not even considered and Brian listened to see what clues he could find with the stall we were experiencing in our sales.

Before we knew it, signs were up, people were coming in to view our units and offers of sales were being written up.

Fortune worked diligently towards a complete sell out!

Fortune has a reputation of getting the job done – we were becoming overwhelmed with the details of completing our project and were having trouble arranging time to follow up on leads.

Fortune Marketing incorporated 'new' methods of sales. The team brought in social media and it worked! Kelowna knew we were on the map and just how to find our showroom – with ease.

We will use Fortune again – the only thing we would do differently is get them on board before ground breaks!

Warmest Regards,
